

Dawn Raids

Dawn raids have become increasingly aggressive. They involve extensive IT search and may necessitate simultaneous responses in a number of different countries. Any improper obstruction can lead to significant fines. In the event of a dawn raid, Hogan Lovells can provide you with fast and coordinated legal assistance across the globe.

With our award-winning e-learning, multijurisdictional guidelines, and simulated dawn raid training, we can also provide all your staff, from receptionist through to CEO, with the latest state-of-the-art dawn raid defense best practice.
