

Managed Legal Services

Innovative lawyers and consultants, with specialist industry knowledge, working collaboratively across the globe. Legal, compliance and risk services, all under one roof.

Setting up or changing businesses, launching new products, managing regulatory change, responding to regulators, and much more.

High volume, routine legal processing also offered.

Delivering a unique, seamless client experience and value for money.

We can now support you by handling legal work that is vital to the business but not strategic, so you can focus on adding value as business colleagues while the day-to-day essentials are looked after by us. Working together with our colleagues in the Financial Services Regulatory Consulting team, we can assist your business with our efficient, cost effective, and consistent Managed Legal Service.

The Hogan Lovells Managed Legal Service centre (HL LMS), based in Birmingham, can handle work that would not typically call for outside counsel. Perhaps the work is considered too routine, low value, or standardised to instruct externally. Yet this type of work is also voluminous, and when taken in bulk, the HL LMS can process it more efficiently than working on it piecemeal in-house.

The legal market is changing. Our clients are reshaping their legal teams and looking at new ways of sourcing legal work efficiently and cost effectively. Keeping up with these changes

will continue to have a major impact on legal teams making it increasingly difficult to provide timely strategic support. That's where Hogan Lovells Managed Legal Services comes in.

The result of working with HL LMS:

- Your legal talent now has time to work closer with higher management on strategic initiatives
- Your legal overhead is reduced
- Your work is done correctly and on-time with minimal supervision from your team
- Your team has direct access to the HL LMS, via an online portal for fast, efficient and cost-effective production

The HL LMS team invites open discussion on your specific needs. Contact us at your convenience to get an assessment or price quote. We would be delighted to help.
