

## Transport & Logistics

Connections. Rail, road, sea, and air. However you operate your transportation, shipping or logistics business, our industry-focused, multi-modal team with more than 30 years of experience will work alongside you, keeping you ahead of market trends.

Global and local. We use our knowledge of local markets to bring you practical solutions wherever your business takes you. We have advised clients on the world's largest and most challenging transportation and logistics projects and transactions.

Our global team works collaboratively with our clients, bringing the full strength of our capabilities in capital markets, structured finance, tax, real estate, government affairs, antitrust, regulatory, environment, intellectual property, cyberrisk, and dispute resolution.
